INCREASED PAY FOR POSTAL EMPLOYEES

WASHINGTON, Feb. 20.—The Post office Appropriation Bill, the largest ever reported from the Committee on Post-offices and Post-roads, passed the House today. All the provisions relating to increased pay, affecting 90 per cent. of the postal employees, which yesterday were stricken out on points of order, were today restored to the bill. This action was accomplished by a rule presented by the Committee on Rules after the bill had been reported to the House by the committee of the whole.

Points of order were the feature of the day, the battle over the provisions in the bill continuing throughout the session.
